

NOTICE:

Compulsory Acquisition of Private Property for Lease to a Private Entity

This notice is hereby directed to the BVI government on behalf of the Frazer and Benjamin family. It has come to the attention of our family that constructional activity is currently taking place on the land located at Jean Hill (Block 3037B, Parcel 14).

This Jean Hill property was taken from our family based on compulsory acquisition to build a deep water port and that was never done. The land was never returned to the Frazer and Benjamin family, the rightful original owner. Over the years, there were continued discussions about the land reverting back to the family. Since there was no recent discussion or decision with representatives of the BVI government we are concerned about the recent activity.

We are hereby requesting that a representative from the BVI government contact our family, whose names are listed below, as soon as possible about this matter; otherwise, we will be forced to take legal recourse through the courts.

Lucia Benjamin Brown, (340) 626-4646

Cyril Benjamin, (340) 513-8762
